

Minhal Rahman

B.Tech Graduate – Applied Electronics & Instrumentation Engineering
+91 6282425867 | minhalrahman21@gmail.com | LinkedIn | Portfolio

Summary

Instrumentation and Automation Engineering graduate with exposure to industrial automation, PLC programming, SCADA, HMI, and process control through academic projects and industrial training. Currently pursuing a Professional Diploma in Industrial Automation at IPCS Calicut, with hands-on learning in PLC-based automation and industrial control systems. Interested in automation, control systems, and project engineering, with strong problem-solving skills and a willingness to learn and contribute in dynamic engineering environments.

Education

Government Engineering College <i>B.Tech, Applied Electronics & Instrumentation Engineering; CGPA: 7.24/10</i>	Kozhikode, Kerala, India 2022 – 2026
IPCS Global <i>Professional Diploma in Industrial Automation (PDIA)</i> • Coursework: PLC, SCADA, HMI, Industrial Communication.	Calicut, Kerala, India 2026 – Present

Work Experience

SMEC Labs <i>Industrial Automation Intern</i> • Gained exposure to PLC programming, SCADA systems, and industrial instrumentation. • Worked with sensors, actuators, and control panels used in industrial automation systems.	Kozhikode, Kerala, India May – June 2025
--	---

Projects

PLC-Based Warehouse Automation System <i>CODESYS, Godot OIP</i> • Developed a virtual warehouse automation system with PLC-based conveyor and sorting control. • Implemented Ladder Logic, Structured Text, and OPC UA communication for real-time control and monitoring.	2026
Smart Liquid Mixer (ESP32 Based) <i>ESP32, HTML, CSS, JavaScript</i> • Developed an ESP32-based automated liquid mixing prototype for process control applications. • Built a web-based monitoring dashboard using HTML, CSS, and JavaScript for real-time visualization of system parameters.	2025
LabVIEW Simulation of Digital Twin <i>LabVIEW</i> • Designed an HMI front panel for real-time monitoring of process level and temperature parameters. • Developed core process simulation logic with data visualization for monitoring system behavior and operating conditions.	2025

Technical Skills

Automation & Control: PLC Programming, SCADA, HMI, Process Control, Industrial Instrumentation
PLC & Automation Tools: RSLogix 500, Zelio Soft, CODESYS, LabVIEW, Godot OIP
Embedded & Hardware: ESP32, Microcontroller Programming, Sensors & Actuators
Programming & Tools: C, MATLAB, VS Code

Languages

Malayalam: Native Proficiency **English:** Professional Working Proficiency **Hindi:** Elementary Proficiency

Certifications & Workshops

Control Engineering NPTEL, IIT Madras	2025
Siemens Mobility – Commercial Project Manager Job Simulation Forage	2026
Embedded Systems & Automotive Workshop (ENDORA'23) GEC Kozhikode	2023
